IN MEMORY OF FRED LAING, II: Fred was the dean of TPI in 2008 and 2009. He was the first dean to serve two consecutive terms, and he was the first to represent an entity rather than a Direct Financial Institution member.

He always had a passion for educating on electronic payments, mostly ACH. He had a unique ability to transfer information and knowledge to others in a way that was down to earth and easy to follow. His commitment and dedication to the ACH Network and its growth should not go unnoticed. He was everyone's friend and lived a positive and upbeat life day in and day out.
